

RECALL NOTICE

for

Moravian Star

Purchased at Amazon.com and MoravianStarCompany.com

between November 2, 2016 through December 16, 2019

Dear Customer,

You have been identified as a customer that purchased a Moravian Star for your holiday decoration from the Moravian Star Company at one of the stores listed above. The Hercules OEM manufacturing company is announcing a voluntary recall of the Moravian Star in cooperation with the U.S Consumer Product Safety Commission (CPSC).

We've discovered that a lack of adequate minimum wire size and overcurrent protection in the power supply cord for the light can pose a fire and electrical shock hazard to consumers.

We ask that you please stop using your Moravian Star immediately.

We are not aware of any incidents or injuries associated with this issue.

If you have possession of the Moravian Star, we will provide you with a **free replacement power plug for the light.** Replacing the power supply cord is a simple process and we will provide you with detailed instructions on how to do it.

To receive your free replacement power plug kit, please contact the Hercules with any questions at our toll-free customer service center 800-626-8807; extension 4340 from 8 a.m. to 5 p.m. ET Monday through Friday or online at www.herculesoem.com and click on Product Safety for more information at the bottom of the page for more information.

Your safety and that of your family is of the utmost importance to us. Thank you for your understanding and your cooperation.

Yours in safety,

Hercules OEM Group
